## Historical essay

## Juan Granados

The thrilling history of libertarian thought and understanding, of the true meaning of freedom as a top good. From its classical origins, Espinoza, Locke, the American revolutions, and the French ones, up until Weber, Keynes, Smith, and liberalism in the 21st century. The struggle for a social and economic system based on free enterprise.

### Synopsis

The exciting history of the libertarian thought, against all forms of domination. From its far away origins of liberal thinking, traceable from Aristotle, Cicero, or the neoplatonic Florentines, and more clearly found in the political thought of 17th European century, with John Locke, and Baruch Espinoza as heads.

The evolution of the liberalism of the 19th and 20th centuries will be analysed in its different schools and times, from the outline of theory and doctrine configuration, through the study of the great revolutionary movements of 1830, and 1848, its further economic and political development throughout the 19th and 20th centuries, reaching the the setback which struck its theoretical budgets; the extremely deep economic crisis in which are still immersed.
